

REMARKS

This amendment is responsive to the Interview Summary mailed November 16, 2004. Reconsideration and allowance of claims 1-27 and 29-32 are requested.

Statement of Substance of Interview

On November 8, 2004, the Examiner telephoned Applicants' attorney. The Examiner stated that the amendment filed on August 27, 2004, presented species claims and required an election of species between each of claims 1, 6, 7, 29, and 32.

Response to Election Requirement

Applicants elect claim 7, with traverse. Applicants have amended claims 2-14 and 29-32 to depend from claim 7 and request that these claims also be considered. Applicants also request joinder of claims 15-26, should claim 7 be determined to be allowable.

Applicants submit that the Election requirement is improper because independent claim 6 has already been searched and thus no further search is needed. Applicants have amended claim 6 to include all of the elements of previously examined claim 6. Applicants respectfully request that claim 6 be rejoined.

CONCLUSION

For the reasons set forth above, it is submitted that claims 1-27 and 29-32 distinguish patentably over the references of record and meet all statutory requirements. An early allowance of all claims is requested.

In the event the Examiner considers personal contact advantageous to the disposition of this case, she is requested to telephone Ann M. Skerry at (216) 861-5582.

Respectfully submitted,
